EXPERIENCE

National Institute Of Skilled Training Karach - Pakistan 2022 - 2023

I worked as a web developer at NIST, where I had the opportunity to contribute to the development of critical web-based applications and services. During my tenure, I actively participated in the design, coding, and maintenance of various projects, ensuring they met NIST's high standards for accuracy, security, and user experience.

Fiverr - International 2022 - Present

I offered my expertise to clients worldwide, delivering tailored solutions to enhance their web presence. I specialized in creating captivating and responsive user interfaces, utilizing HTML, CSS, and JavaScript to transform design concepts into fully functional websites. Collaborating with diverse clients on Fiverr honed my communication and project management skills, enabling me to consistently meet client expectations and deliver high-quality web solutions that met their unique requirements.
